SEPTEMBER SIS

TALK ABOUT IT!
SAVE A LIFE!

Dear Colleagues! Dear Helpers and All Interested in Sepsis!

Hopefully it is now self-explanatory that if it is September than it is Sepsis Day. That is how it will be this year again, overseeing the previous six years when on each 13th of September we focus on the ever increasingly effective fight against sepsis.

This year the Sepsis Day will be held on the 13th of September starting at 10 AM on the ground floor of the Emergency Department of Semmelweis University in Seminar Room 157. (1082, Budapest, Üllői út 78/A, entrance from Szigony street – from the direction of Klinikák metro station).

This time not only the representatives of emergency care but those of intensive therapy are invited again to clarify the picture on the chain of sepsis care.

Program:

10:00 - 10:10 Dr. Péter Kanizsai (SE ED) – Opening words: aims and results of the Global Sepsis Alliance and WSD Supporter Meeting in Brussels.

10:10 - 10:40 Dr. Zoltán Pető (SZTE ED) – From minus one to level two – the Szeged Sepsis Story.

10:40 - 11:10 Dr. Katalin Kristóf (SE Laboratory Medicine): Bacteria must not rule alone! Viral and fungal sepsis from the aspect of a clinical microbiologist.

11:10 – 11:40 Dr. Botond Lakatos Botond (ESzSzK, Budapest): Bacteria must not rule alone! Viral and fungal sepsis from the aspect of an infectologist.

11:40 - 12:00 Questions, discussion.

12:00 - 13:00 Buffet

13:00 - 13:30: Dr. Tamás Berényi (MSOTKE, SE ED): Is there only one key to the numerous locks? Elég egy kulcs a sok zárhoz? Doubts and questions around sepsis.

13:30-14:00: Dr. Zsolt Iványi (SE ICU): Sepsis 3 vs. classic approach. What does the intensivist think?

14:00-14:30 Dr. Péter Kanizsai (SE ED) – One size does not fit all. Individual care of sepsis in the ER.- ThermoFisher Scientific sponsored lecture

14:30-15:00: Dr. Gyula Molnár (SE PhD student): Sepsis and sepsis-like syndromes - Szepszis és szepszis-szerű tünetegyüttesek – „handrails” to rapid recognition.

15:00-15:30 Dr. János Fazakas (SE Transplant and Surgery Department): Procalcitonin – do not be naive! *ThermoFisher Scientific sponsored lecture.*

15:30-16:00 Discussion, questions, doubts and possible answers.

All interested are welcome!

Main sponsors are ThermoFisher Scientific and Roche Hungary Ltd.

The event is free of charge but preliminary registration is required at sbo@med.semmelwies-univ.hu
