# EUROPEAN LeadEM PROGRAMME 2022

Welcome to this exciting new programme for aspiring - and inspiring - leaders in Emergency Medicine !!

Leadership is a fundamental and crucial component of day to day practice in our busy Emergency Departments.

Not all EM clinicians have leadership in their DNA and leadership is variably taught - if at all - at medical school or in the early stages of EM training.

This course will ensure that YOU will learn from an international panel of highly experienced and recognised leaders with proven track records in delivering successful leadership and change at their local, national and international levels.

The Faculty will bring their invaluable breadth and depth of experience for YOUR benefit to develop and refine your leadership expertise.

The programme will include 10 modules of pre-recorded lectures to be completed in advance of two webinars in late September with the culmination of the programme being 2 half day face to face workshops at the EUSEM Congress in Berlin.

Completion of the course will be recognised by the award of a European LeadEM Course certificate and CPD points.

We look forward to you joining us on this innovative and rewarding journey !!

**"The difference between a boss and a leader is that a boss says 'Go' while the leader says 'Let's go!' -**

**E.M.Kelly**

# LeadEM course

## Format

An exciting blended learning programme designed for emergency physicians wanting to establish and build upon their leadership skills with a combination of:

### **Elearning on the EuSEM Academy**

10 online eModule lectures from expert international faculty with opportunities for reflection and further reading.

### **Virtual meetings**

Scenario-based teaching to reinforce core learning sets

Webinar 1: Tuesday, September 20, 14:30-16:00 CEST

Webinar 2: Tuesday, September 27, 14:30-16:00 CEST

### **Live face-to-face sessions in Berlin**

Innovative simulated scenarios and debriefing to reinforce key mental models for leadership development.

Session 1: Sunday, October 16, 08:30 to 13:00 CEST

Session 2: Monday, October 17, 08:30 to 13:00 CEST

# Objectives

The objectives of this blended learning approach are to provide ;

1. An overview of the key models of leadership required for leading the Emergency Department (ED) team
2. An understanding of the skills required to care for yourself and your team, as well as leading on key aspects of healthcare change in the challenging environment of an emergency care system.
3. A learning development journey with online lectures and webinars supported by two half-day workshops that will explore and solve real-world ED problems with a highly experienced international faculty.

## Overview

The inaugural European Leadership for Emergency Medicine (Lead EM) Programme will combine :

Online lectures and further reading materials

Two pre-workshop webinars to bring together the materials and how they can be applied to real-life scenarios in an Emergency Department setting

Two half day face-to-face workshops with an international faculty to discuss and manage real-world problems.

**On completion of the Programme, delegates will be provided with a Certificate of Completion of the European LeadEM Programme combining almost 23 hrs of teaching and reflection in total.**

### WHO IS THIS COURSE FOR ?

Whether you are a senior trainee, a new Consultant/ Attending emergency physician, or an established Head of Service, we believe you will find this a valuable, stimulating, and enjoyable experience – so please join us.

Please note, places are limited to 40 delegates for this programme.

## Educational material

Reading materials will be provided as part of the web-based lecture phase of the programme.
